Bipolar Wellness Centre / Dr. Erin Michalak

Symposium 2: Update on clinical interventions
Mindfulness / Dr. Mahesh Menon
Repetitive Transcranial Magnetic Stimulation / Dr. Fidel Vila-Rodriguez
Pharmacotherapy / Dr. Wei-Yi Song

FOR HEALTH PROFESSIONALS

This event is an Accredited Group Learning Activity eligible for up to 4.5 Section 1 credits as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada. This program has been reviewed and approved by UBC Division of Continuing Professional Development. Each physician should claim only those credits he/she actually spent in the activity.
Please join us for another stimulating and clinically useful educational program that highlights some of the latest research findings that are directly applicable to clinical practice.

This year we are focusing on e-Mental Health tools that can be immediately used in clinical practice, and updates on clinical interventions for mood disorders, including mindfulness, transcranial magnetic stimulation, and pharmacotherapy. We have selected speakers who are widely praised for their clear and effective deliveries.

As usual, we will involve people with lived experience in our educational activities. We will open the program this year with a free public forum on e-Mental Health and mood disorders in youth, featuring Mr. Aidan Scott and Dr. Matthew Chow.

Registration fees include a light lunch (available 11:15am to 12:00noon) and coffee breaks.

We look forward to seeing you there!

Raymond W. Lam, MD, FRCPC
Director, Mood Disorders Centre,
Djavad Mowafaghian Centre for Brain Health
